

DETAILED ACTION

Status of Claims

Claims 1-18 are currently pending in the application.

Receipt is acknowledged of Applicant's response / amendment filed on October 14, 2010 and that has been entered.

Claims 1-11 and 18 are withdrawn from further consideration pursuant to 37 C.F.R. 1.142 (b) as being drawn to a non-elected subject matter. However, during a telephonic interview with Ms. Sejal Gosalia (Attorney for Applicant) on October 19, 2010, Applicant has agreed to cancel non-elected claims 1-11 and 18 and therefore, the restriction requirement is hereby withdrawn.

Applicant's response and amendments have been fully considered and found persuasive with respect to the rejection of claims 12-17 under 35 U.S.C. §112 first paragraph, and the rejection is hereby withdrawn.

Applicant's response and arguments have been fully considered and found persuasive with respect to the rejection of claims 12-17 under the judicially created doctrine of obviousness-type double patenting over claims 12-17 of co-pending Application No. 11/840,952, over claims 12-17 of co-pending Application No. 11/840,953, over claims 12-17 of co-pending Application No. 11/840,954, and also over claims 12-17 of co-pending Application No. 11/840,955 and the rejection is hereby withdrawn. Further, MPEP 804 (I)(B)(1) provides that if a "provisional" nonstatutory obviousness-type double patenting (ODP) rejection is the only rejection remaining in the earlier-filed of the two pending applications, while the later-filed application is reject-able on other grounds, the examiner should withdraw that rejection and permit the earlier-filed

application to issue as a patent without a terminal disclaimer and hence, all remaining pending claims 12-17 are now found allowable over the prior art of record.

Examiner's amendment

Authorization for this examiner's amendment was given in a telephonic interview with Ms. Sejal Gosalia on October 19, 2010.

The application has been amended as follows:

- a. Claims 1-11 and 18 have been canceled.
